Pre-Start Inspection Report

Excavator Pre-Start vv2.0

Asset:	Kubota U55-4	**Make / Model:**	Kubota U55-4
Machine ID:	EX516	**Serial Number:**	T3B27640
Operator:	Greg	**Hours:**	1234
Submitted:	26 Jul 2026 19:57	**Result:**	PASS

Items: 27 Passed: 27 Failed: 0 N/A: 0

EXCAVATOR PRE-START

[PASS] Walk-around: inspect overall condition — no visible structural damage, cracks, or deformation to upperworks and undercarriage

[PASS] Check engine oil level is within operating range (dipstick or sight glass)

[PASS] Check hydraulic oil level is within operating range

[PASS] Check coolant level in recovery tank — do NOT open radiator cap on hot engine

[PASS] Check fuel level — sufficient for shift duration

[PASS] Inspect for fluid leaks: engine oil, hydraulic oil, coolant, diesel — check ground beneath machine and all hose connections

[PASS] Inspect all hydraulic hoses and fittings — no chafing, cracking, bulging, or exposed wire

[PASS] Inspect track tension, track links, pins, and rollers — no excessive wear, missing components, or debris lodged in undercarriage

[PASS] Inspect track shoes — no excessive wear, bent or cracked pads

[PASS] Inspect boom, stick (dipper arm), and attachment — no cracks, deformation, or weld failures

[PASS] Inspect bucket/attachment pins, retaining clips, and locking devices — secure and in place

[PASS] Inspect quick-hitch coupler (if fitted) — safety latch engaged, no visible damage, correct operation confirmed per manufacturer procedure

[PASS] Inspect cab entry handrails, steps, and grab rails — secure and clear of mud/grease

[PASS] Clean all glass (windscreen, rear, side) — clear visibility in all directions

[PASS] Check mirrors — clean, correctly adjusted, undamaged

[PASS] Check camera/proximity detection system (if fitted) — operational and lens clean

[PASS] Inspect seatbelt — webbing not frayed or cut, latch engages and releases correctly

[PASS] Inspect ROPS/FOPS (cab protection structure) — no cracks, missing bolts, or deformation

[PASS] Check fire extinguisher — correct type (ABE dry powder), in date, mounted securely, accessible

[PASS] Check first aid kit — present, stocked to minimum requirements

[PASS] Test horn — audible at safe distance

[PASS] Test travel alarm (reverse/movement alarm) — audible at safe distance

[PASS] Test work lights, and hazard beacon — all operational

[PASS] Test wiper and washer — operational, blades in good condition

[PASS] Test track travel: forward, reverse, left, right — controls responsive, no abnormal drift

[PASS] Check air conditioning / heating (if fitted) — operational for operator comfort and visibility

[PASS] Check the control pod safety switch/lever isolates starting when in the lowered position

OPERATOR SIGN-OFF

I, the undersigned operator, hereby declare that all information contained in this Pre-Start Inspection is true and correct to the best of my knowledge, and that the condition of this machine is as stated below.

Declaration: No Defects — machine is fit for operation.

Operator Name: Greg

Date: 26 Jul 2026
